VOL. 14, NUMBER 67 MONESSEN, PA, TUESDAY, AUGUST 31, 1915 SIX CENTS THE WEEK

Automobile Races Will Be Held On Labor Day

Wet weather caused thousands of race fans to be disappointed Saturday when it was found necessary to call off the program for the second day of the meet at the Belle Vernon race track until next Monday, Labor Day. This new date has been selected as being best suited for the many who will want to attend.

The fast time made last Friday afternoon together with the two remarkable accidents in which the drivers escaped injury, has aroused an intense interest in the meet, and a record breaking crowd is expected next Monday afternoon.

The big Simplex car which plunged through the board enclosure at the most dangerous point with Phil Fetterman at the wheel Thursday afternoon and was badly wrecked has been fully repaired. It was taken from the garage in Charleroi for the first time since the accident Sunday morning and was found to be working almost perfectly. Fetterman will be at the wheel as usual next Monday and will make an effort to recover lost ground.

The Beaver Bullet, which ploughed through forty feet of high board fence Friday afternoon after running a neck and neck race with the Packard Greyhound for seven laps, is still in a dismantled condition. Gardner, the driver, is suffering from a badly bruised leg, but will have his car back in the races again next week and will go after the money in the same dare devil manner that has made him and his car famous on half mile tracks. The rear axle of the Bullet which was so badly bent is now in Pittsburgh being straightened and will be back on the car not later that Wednesday.

Gardner broke the Belle Vernon track record by five seconds in the lap before he wrecked his car, having made a half mile in 34 seconds flat. Practically every car entered came below the previous times established there a yar ago. Next Monday even these new marks will likely be shattered as several of the drivers are going to put up a stiff fight for the first money. A strong rivalry has sprung up between the Bullet and the Greyhound and the matter of supremacy will be decided positively on Labor Day if the race is not interrupted by either one or both of the cars going through the fence again.

L. C. B. A. Picnic

The L. C. B. A. will hold a basket picnic at the Sheetz farm tomorrow and with favorable weather it is expected that a large number of the friends and members of the organization will attend and enjoy a day in the woods. Trucks will convey the guests to and from the grounds, the first truck leaving the corner of Eighth and Schoonmaker at 10 o'clock and the second will leave the corner of Second and Schoonmaker at 11 o'clock. The committee in charge of the affair has arranged a good sports program and during the afternoon euchre will be the principal amusement. Everyone is invited to attend. 1t

For Ben Steele

Mr. Taxpayer:—

When you vote for Ben Steele, you vote for the man who has averaged $380 per month clear to the taxpayers of Westmoreland county for the first 42 months in office.

Following is what the county press has to say of him:

WANT MORE OF BEN

The Republican Standard of Irwin, believes that the people of Westmoreland county "want more of Ben Steele," in the official life of the county. The Republican Standard and Sheriff Ben Steele are neighbors in Irwin. They know each other intimately, and the tribute to Sheriff Steele comes with exceptional force from one who has known him personally and officially for a long time." —Greensburg Tribune.

Will Hold Celebration Labor Day

Arrangements for the big Labor Day celebration to be held in Charleroi Monday are rapidly being completed. It is expected that the demonstration will prove to be the greatest ever held in the Monongahela valley.

A monster parade is being planned for Labor Day morning in which representatives of workers, merchants, manufacturers, bankers, hotels and schools will participate. The procession will start at 10 o'clock in the morning and will come to a halt at the bathing beach where the formal program will be held.

Other events arranged include two baseball games, foot races, swimming contests and a big public dance in the evening at the Might auditorium.

A cordial invitation has been extended to the workmen of all classes in all parts of the Monongahela valley to participate in the celebration and those in charge of arrangements are making preparations for a record breaking attendance.

The committee announces that speakers of national reputation in labor and other circles will be present.

Swine As Hunters

Swine belonging to Joseph Hawkins, a former councilman and well known resident of Beallsville, effected a peculiar capture Thursday evening. Mr. Hawkins heard the hogs making a peculiar racket and upon investigation found that they had a very lively coon at bay, which was captured.

Throughout the country one of the largest peach crops in years, is reported. Trees are over-burdened with the fruit, and many fruit growers have been obliged to pick some of the fruit before ripe in order to give the rest an opportunity to better ripen and become larger.

Appoint J. B. White Local Registrar

By the authority of the Commonwealth of Pennsylvania, and over the signature of Samuel G. Dixon, M. D., Commissioner of Health, in a commission dated July 16, 1915, the vacancy in the position of local Registrar of Vital Statistics caused by Mr. A. L. Arner moving to Michigan, was filled by the appointment of J. B. White of Monessen. District 947 and 953 named in the Commission comprise the boroughs of Monessen, North Belle Vernon and Rostraver township and embracing a population of 40,000 people.

All births and deaths in this territory are reported by physicians, undertakers and midwives to the Local Registrar. These reports contain complete vital and family data. They are locally registered before being forwarded to Harrisburg, where they are permanently preserved for statistical infomation and accessible for future reference in law suits—family history, etc. Although a quiet work, it is one of responsibility and usefulness.

Big Circus Billed For Charleroi

The Barnum and Bailey shows are to make their first appearance in Charleroi on Wednesday, September 22. The contract for the coming of this "biggest show on earth" has just been signed by Burgess Woodward and with the owners of the local grounds by the advance agent.

Announcement is being made that the company will travel in four different trains. Hitherto the Barnum and Bailey people have been passing up Charleroi on the annual trip through Western Pennsylvania, but different arrangemnts have been made so that instead of going to Uniontown and hitting from there to Pittsburgh, they are stopping at Connellsville and then coming to Charleroi. The shows will be the biggest that have ever been seen in Charleroi.

End Of Park Season

This will be the last week at Eldora park and the season will be brought to a close next week. Tuesday night will be the last night of the regular weekly Bingville dances and Friday night the last Weber dance will be held at the park this season.

This year rain has been a disappointing factor in park affairs, some of the best picnics and outings that were booked having had to cope with inclement weather. However, generally speaking, the season has been a good one.

One of the much enjoyed features started about the middle of the season was that of the weekly Bingville dance held by a Charleroi club. The Friday night Weber dance also proved interesting.

On Wednesday night of this week a benefit dance for John McGlade of Coal Center, who had both arms taken off weeks ago on the railroad will be held by friends of his.

Labor day will be celebrated at the park, and there will be dancing afternoon and evening.

NOTICE

All members of last year's Scholastic Football team are requested to meet at the corner of Sixth and Donner between seven and seven thirty Thursday evening. This meeting is to elect a captain for the ensuing year, and also fixing up of other business, so everybody turn out for this meeting.

Is He Republican or Moose?

In these days of reform, men are riding almost any hobby to get into office. Honor doesn't seem to be valued very highly and men's conscience can be stretched at great length in order to further their own selfish ends. In the home coming of the bull moosers there is a great scramble for office. They have come back in the Republican party without a change in the platform of the party or its leadership and are willing to class themselves as Republicans. They denounced Penrose and Penrose leadership and claimed the party was a disgrace to the nation, but Penrose is still the leader and the party is the same as always, a party of protection. How do they explain their home coming?

In Washington county there is a big fight on in Congressional circles, and last week some of the papers characterized one of the candidates a Jekyl and Hyde. The Roscoe Ledger says:

"Henry W. Temple, who by intimation only is a candidate for congress from the Twenty-Fourth Pennsylvania district, is the same Henry W. Temple who was elected to congress from this district three years ago. At that time Mr. Temple denounced the Republican party as corrupt. He stated from the stump that the Republican party was controlled by the interests, that the party leaders were corrupt, and that it was a stench on the fair name of the state.

"Two years ago at a meeting of Bull Moose leaders, held in the city of Washington, Dr. Temple took occasion to introduce and have passed at that meeting a set of resolutions denouncing the Republican party as corrupt; that it was controlled by men, whose proper place was in the penitentiary and that no man who had respect for himself could longer affiliate with the party; that it had served its day; that it was dead and could never rise.

"One year ago he was again a candidate on the Bull Moose ticket for congress in his district. He traveled over Western Pennsylvania at that time with Gifford Pinchot and joined in the vile denunciations of the Republican party, its principles and its leaders as only Pinchot could do.

"Today Dr. Temple is a candidate for congress on the Republican ticket. The Republican party is the same party it was one, two and three years ago, when he in such scathing terms denounced it. The principles of the Republican party are the same principles Dr. Temple so strongly denounced, one, two and three years ago. The leaders of the Republican party are the same leaders Dr. Temple so strongly denounced one, two and three years ago.

"Mr. Pinchot and William Draper Lewis, the two most prominent bull moosers in Pennsylvania, in recent interviews, stated that the Republican party of today is the same party their friend Dr. Temple denounced one, two and three years ago.

"The question today is, was Dr. Temple mistaken when he denounced and ridiculed the Rpublican party and its leaders; has he had a change of mind or is he willing to sacrifice his principles for office?

"We want to be fair with Dr. Temple. If he was wrong, it is nothing more than fair to the party and its leaders that he should make public acknowledgment thereof. If he does not do this, the only other conclusion an intelligent man can draw is that he is willing to sacrifice principle for office."

The would be Republican bosses with headquarters at Greensburg have about decided that they will just have to allow the voters to nominate the candidates without dictation. The uprising was a little bit too strong and for the present at least, they have sought the cover. They still need a little watchiug however, or they will bob up in the judicial contest. It pays to cut a bad weed as soon as it sticks its head out of the ground.

The coal miners of England have gone out on a strike. Generally the working men don't believe in war for its that class that must go to the front and get their heads blowed off, and they think they might as well have a little share of the profits the big ginks are making out of the war. Now is a good time to strike. It might have a tendency to stop the wholesale carnage.

GAIL KANE

Who Is the Most Beautiful Girl on The Screen?—Many Say Gail Kane.

Every now and then the old argument breaks out afresh as to who is the most beautiful girl acting in motion pictures. Rival film manufacturers through their various publicity men argue vehemently as to the merits of their respective candidates, for on a delicate question like this, bias is the publicity man's middle name. Let us whisper it gently,—some of those very ladies whose charms are so loudly extolled are not the raving beauties in real life that we are led to believe. In the case of one of them, however, "the half has not yet been told," as the Queen of Sheba said.—Miss Gail Kane, who stars in "Via Wireless," the well known play by Paul Armstrong and Winchell Smith, now being put into pictures by Pathe, is a stunning beauty whose charms need no qualification.

Miss Kane was born in Philadelphia and if there were many more at home like her, Philadelphia would soon have a vast increase in its male population. Tall, beautifully figured, splendidly gowned and with a peaches and cream complexion mere man can be reckoned upon to follow her in droves like the famous rats of the Pied Piper of Hamlin.

This is Miss Kane's first engagement with Pathe. She comes to her picture work with a splendid reputation gained from leading parts in "The Model", "Anatol", "Seven Keys to Baldpate", "The Miracle Man", and "The Hyphen", all Broadway successes.

CLIFTON CRAWFORD

Noted Broadway Star Joins Pathe Forces—To Star in "The Galloper."

Another famous Broadway favorite has cast his lot to moving pictures. Donald Mackenzie announces that he has signed Clifton Crawford to play the lead in "The Galloper", the great Broadway success of Richard Harding Davis, which is now being produced for Pathe at their Jersey City studios.

Melville Stewart, who is now playing in the "Follies of 1915," will support Mr. Crawford. The rest of the cast is also decidedly strong.

Mr. Crawford held off a long time before consenting to sign up for the silent drama, but it was the tempting contract offered by Mr. Mackenzie which caused him to decide to enter the field.

Born of actor parents in Edinburgh, Scotland, Mr. Crawford took up the stage at an early age, and after appearing in small parts for some time, became a great favorite in the English music halls. Later he came to America and played in vaudeville, where he always appeared as a headliner. Later he appeared in such noteworthy successes as "The Peasant Girl", "The Quaker Girl", and "The Three Twins." After starring for three seasons in the last named production, he made a tour of the world, and thereby earned the sobriquet of "the man who put a belt of smiles around the world."

Mr. Mackenzie's production will be released in the early Fall, and will be in five reels.

A JOINT RESOLUTION

Proposing an amendment to section eight of article nine of the Constitution of Pennsylvania.

Section 1. Be it resolved by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, That the following is proposed as an amendment to the Constitution of the Commonwealth of Pennsylvania, in accordance with the provisions of the eighteenth article thereof:—

Amend section eight, article nine of the Constitution of the Commonwealth of Pennsylvania, which reads as follows:

"Section 8. The debt of any county, city, borough, township, school district, or other municipality or incorporated district, except as herein provided, shall never exceed seven per centum upon the assessed value of the taxable property therein, nor shall any such municipality or district incur any new debt, or increase its indebtedness to an amount exceeding two per centum upon such assessed valuation of property, without the assent of the electors thereof at a public election in such manner as shall be provided by law, but any city, the debt of which now exceeds seven per centum of such assessed valuation, may be authorized by law to increase the same three per centum, in the aggregate, at any one time, upon such valuation, except that any debt or debts hereinafter incurred by the city and county of Philadelphia for the construction and development of subways for transit purposes, or for the construction of wharves and docks, or the reclamation of land to be used in the construction of a system of wharves and docks, as public improvements, owned or to be owned by said city and county of Philadelphia, and which shall yield to the city and county of Philadelphia current net revenues in excess of the interest on said debt or debts and the annual installments necessary for the cancellation of said debt or debts may be excluded in ascertaining the power of the city and county of Philadelphia to become otherwise indebted: Provided, That a sinking fund of their cancellation shall be established and maintained," so that it shall read as follows:—

Section 8. The debt of any county, city, borough, township, school district, or other municipality or incorporated district, except as herein provided, shall never exceed seven per centum upon the assessed value of the taxable property therein, nor shall any such municipality or district incur any new debt, or increase its indebtedness to an amount exceeding two per centum upon such assessed valuation of property, without the consent of the electors thereof at a public election in such manner as shall be provided by law; but any city, the debt of which on the first day of January, one thousand eight hundred and seventy-four, exceeded seven per centum of such assessed valuation, and has not since been reduced to less than such per centum, may be authorized by law to increase the same three per centum in the aggregate, at any one time, upon such valuation. The city of Philadelphia, upon the conditions hereinafter set forth, may increase its indebtedness to the extent of three per centum in excess of seven per centum upon such assessed valuation for the specific purpose of providing for all or any of the following purposes,—to wit: For the construction and improvement of subways, tunnels, railways, elevated railways, and other transit facilities, for the construction and improvement of wharves and docks and for the reclamation of land to be used in the construction of wharves and docks, owned or to be owned by said city. Such increase, however, shall only be made with the assent of the electors thereof at a public election, to be held in such manner as shall be provided by law. In ascertaining the borrowing capacity of said city of Philadelphia, at any time, there shall be excluded from the calculation a credit, where the work resulting from any previous expenditure, for any one or more of the specific purposes herein above enumerated shall be yielding to said city an annual current net revenue; the amount of which credit shall be ascertained by capitalizing the annual net revenue during the year immediately preceding the time of such ascertainment. Such capitalization shall be accomplished by ascertaining the principal amount which would yield such annual, current net revenue, at the average rate of interest, and sinking-fund charges payable upon the indebtedness incurred by said city for such purposes, up to the time of such ascertainment. The method of determining such amount, so to be excluded or allowed as a credit, may be prescribed by the General Assembly.

In incurring indebtedness, for any one, or more of said purposes of construction, improvement, or reclamation, the city of Philadelphia may issue its obligations maturing not later than fifty years from the date thereof, with provision for a sinking-fund sufficient to retire said obligation at maturity, the payments to such sinking-fund to be in equal or graded annual instalment. Such obligation may be in an amount sufficient to provide for and may include the amount of the interest and sinking-fund charges accruing and which may accrue thereon throughout the period of construction and until the expiration of one year after the completion of the work for which said indebtedness shall have been incurred; and said city shall not be required to levy a tax to pay said interest and sinking-fund charges, as required by section ten of article nine of the Constitution of Pennsylvania, until the expiration of said period of one year after the completion of such work.

"No act of the General Assembly shall limit the amount to be recovered for injuries resulting in death, or for injuries to persons or property and in case of death from such injuries, the right of action shall survive, and the General Assembly shall prescribe for whose benefit such action shall be prosecuted. No act shall prescribe any limitations of time within which suits may be brought against corporations for injuries to persons or property, or for other causes different from those fixed by general laws regulating actions against natural persons, and such acts now existing are avoided," so that it shall read as follows:

The General Assembly may enact laws requiring the payment by employers, or employers and employes jointly, or reasonable compensation for injuries to employes arising in the course of their employment and for occupational diseases of employes, whether or not such injuries or diseases result in death, and regardless of fault of employer or employe, and fixing the basis of ascertainment of such compensation and the maximum and minimum limits thereof and providing special or general remedies for the collection thereof, but in no other cases shall the General Assembly limit the amount to be recovered for injuries resulting in death, or for injuries to persons or property, and in case of death from such injuries the right of action shall survive, and the General Assembly shall prescribe for whose benefit such actions shall be prosecuted. TOLD IN MONESSEN

A Resident Known to all our Readers Relates an Experience

Readers of the Independent have been told again and again of the merits of that reliable, time-proven kidney remedy—Doan's Kidney Pills. The experiences told are not those of unknown persons, living far away. The cases are Monessen cases, told by Monessen people.

Mrs. R. Gilmore, 102½ First street, Monessen, says: "I suffered for years from a lame back and often when I stooped, the misery was so intense that I cried aloud. If I moved suddenly, it seemed as if something snapped in my back. When I exerted myself in sweeping or doing housework, the pain was unbearable. I felt tired and listless all the time and my head ached. My eyes were affected and I was all worn out. I consulted several doctors, but none of them seemed to do me any good, and finally I began taking Doan's Kidney Pills. A few boxes made me quite well. Others of the family used Doan's Kidney Pills as a kidney tonic and think highly of them."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Gilmore had. Foster-Milburn Co., Buffalo, N. Y.

Suffrage Notes

The Suffragists of Vandergrift will hold a Suffragist picnic at Allison park. The men will be served with an excellent supper at the park then listen to a talk on suffrage by the Hon. E. E. Robbins of Greensburg. They feel confident that one of Mr. Robbins' convincing talks will win votes for the Vandergrift women.

Miss Leona Huntzinger will speak on Woman Suffrage from the grand stand at the Kiski Valley fair.

The firement of Derry held a street carnival last week. The suffragists had a booth from which they distributed suffrage literature and suffrage buttons. Young women dressed in yellow and white presided at the booth.

The garden party to be given by the Irwin organization at the home of the Misses Scull will be a well attended affair. An interesting play will be given upon the lawn; other attractions will be solos and music by the Mandolin club.

It is said that women have no experience in electoral matters. When a boy becomes 21, he has had no experience, yet he is admitted at once to the suffrage.

No argument has yet been used against the admission of women to suffrage that is not based on one of two grounds; either it is based on the fears of bad men, who know that the belief of women will abolish the abuses by which they profit or it is based on the apposition of good men who are by nature opposed to any change in anything.

Society is not going to lose its common sense nor go back to the customs of barbarism because women vote.

No reasonable man or woman regards suffrage as a panasea, but it is one remedial agent in legislative conditions which react on the social body. It is reasonable to infer that the demand of men and women voters can bring about better conditions than the vote of one sex alone.

You might as well try to hold back Niagara Falls as to stop woman suffrage. It is coming.

Following Murder Clue

Police trailing a "lead" they hoped would bring them closer to a solution of the murder of Edmund Kayser, Lutheran minister and pro-German propagandist of Gary, Ind., has unearthed a conspiracy to blow up the great plant of the Aetna Powder company.

Otto Kraemer of Mills, Ind., employed at the powder plant, the police admitted yesterday, told them he was approached by two strangers who spoke with an accent and offered him $1,500 to blow up the cotton shed where more than 20 tons of this explosive is stored.

Most of it is for shipment to the allies.

"I was reading a German newspaper in the waiting room of the station when two foreigners approached me," said Kraemer. "One asked me if I wanted to do something for the Fatherland. I said I would like to. Then he told me without actually committing himself that I would receive $1,500 cash if I 'accidentally' caused an explosion at the powder plant. I told him I would think it over. Then I went to the police."

Another Good Novel

The most thrilling and momentous novel written since Rider Haggard's "King Solomon's Mines," is "The Pirates of the Sky," a speculative tale of fiction by Stephen Gallard, who writes of the possibilities of air-craft in brigandage. With a well-worked-out plot, the author has shown what might ensue if outlays were to gain control of the largest and swiftest aeroplanes known to the world. The story tells of raids on the principal American cities, where with bombs and gunnery the inhabitants were terrorized and then the banks looted etc. Millionaires and women are kidnapped and carried off to an inaccessible valley in South America. The band of cultured outlaws has sworn to overturn all governments. The chief is a Russian Nihilist. Dissensions and intrigue enter the oath-bound society, and its disintegration has already begun when an Indian aviator and a Chicago newspaper reporter find the lair with the help of earthquakes and volcanic eruptions. A pretty love story runs through an all absorbing plot. "The Pirates of the Sky" will begin serial publication in The Pittsburgh Dispatch, Monday, September 6, 1915. You must read it. Order the paper today. Consult your newsdealer or write The Pittsburgh Dispatch, Pittsburgh, Pa.

WOMAN'S BEAUTY NO SECRET

It all lies in the care she bestows upon herself and in keeping at bay those dread ills peculiar to her sex. The flashing eye, the elastic step and the clear complexion never accompany organic troubles. The distressed expression, lassitude, headaches, and mental depression are only the til-tale symptoms. Women so troubled should take Lydia E. Pinkham's Vegetable Compound, that simple remedy made from roots and herbs, and restore their health to a normal condition.

This paper leads all Westmoreland county in its news features and the amount of advertising it carries. This fact certainly demonstrates a worthy confidence.

Little Talks on Health and Hygiene by Samuel G. Dixon, M. D. LL. D., Commissioner of Health

INDIGESTION

There is no accounting for the trouble that dyspeptics have caused in this world. Every school boy can quote you. "yon Cassius hath a lean and hungry look," and this type has stalked through history and fiction, threatening the peace of individuals and nations.

It is not surprising that the person who suffers from dyspepsia should take a pessimistic view of life. One of the chief functions of the body, digestion, is amiss and three times a day the sufferer is apt to be reminded of the fact.

The manifestations of digestive disturbances differ materially. Often enough they are not recognized as such, in fact in many cases the symptoms show themselves elsewhere than in the digestive organs. It may result in headache, defective sight, heart burn, dizziness or similar ways which continually recur or vary from time to time.

In the earlier stages indigestion may only discover itself as a general feeling of discomfort. The causes are numerous, hasty eating, the indulgence in ill chosen foods, iced drinks, eating when exhausted, or some functional disorder of one of the digestive organs.

Care as to the diet, sufficient time for meals, regularity in eating and care about overloading the stomach when tired, are things which should be observed by those who would avoid indigestion.

The causes of indigestion are numerous and sometimes so serious that the best medical skill should be called in to determine the source. The use of home remedies and patent medicines if depended upon, may consume valuable time that should have been devoted to more radical treatment.
